12 October 2020

Good Day Parents and Cadets,

I would like to first thank everyone for their exceptional support and patience during our training start up. Our virtual and in-person hybrid training model for Monday evenings has been approved. A lot of thought, oversight and change has gone into being able to develop a training plan that provides the pillars of the cadets program along with mitigating the risk associated with our current COVID situation we see ourselves in.

Our first step to re-opening our squadron will be welcoming you all back on the 19 Oct. All cadets will arrive with a parent between the hours of 1900-2100, where they will proceed through our COVID assessment station, followed by meeting their assigned Level Officer, check their annual validation of data through the Administration department and check on any supply issues through the Supply Officer. Parents will proceed to the sponsoring committee chair where their own annual verification and payment collection will take place. Once your cadet and your parent complete the assigned stations, they will be free to depart for the evening. Level 5 cadets will arrive at 1930 and will depart at 2130. Dress for all personal is appropriate civilian attire.

Please be aware, in accordance with our prescribed COVID safety policy cadets and parents will be screened prior to entry and only a limited amount of personal will be allowed entry into the Navy League building (1555 Forbes Ave, North Vancouver), those waiting will be placed in a line outside separated by two meters. We ask that all personal once they exit their vehicles to please **wear a mask** until you have returned to your vehicle.

As a reminder all cadets participating in this training year **must complete the COVID awareness training** and email your completion certificate to the Administration Officer for our records. Enclosed is the PDF outlining the instructions on how to complete the training.

For those that missed that year start virtual conference the following link is to view the ZOOM call that was conducted a few weeks ago, please take a moment to view the video this will ensure you have a grasp on how the training will be conducted this year and will allow you to form any relevant questions to ask your level officers this upcoming Monday Evening.

I thank you all again for your continued support. The Adult staff and I will have updates in regards too our additional in-person training opportunities soon as we receive the required approvals. We all cannot wait to see you this upcoming Monday night.
